Ofcourse, there are more nasheed. You can search the names of the artists on youtube, or google their official websites. The key is to write "*name of the song by artist's name no music*" or "*name of the song by artist's name voice only*", in the search bar. Unfortunately, many of the artists, especially Zain Bhikha use the *dafli*/tambourine and some morocco instruments, WHICH ARE EQUAL TO OTHER HARAM MUSICAL INSTRUMENTS (guitars, piano, drums etc). There's no point in quitting music and then listening to nasheed with these instruments, because it amounts to the same thing in the end. However, most of the songs have a 'no drum version'.

You have to be very careful and listen closely ALL the time, until you're absolutely sure.
